Please state clearly the nature of your grievance.

On January 9 I signed up for group church as I get called to attend I went in the classroom and noticed an inmate that is a CI in my case and is testifying against me on a felony delivery Criminal case no. 5709 I confronted him about it he denied to have ever met me what happen next I will make no comment until my attorney is present. I feel like I was set up for failure having been put in the same room with a no contact order. the whole time I have been here in park county incarcerated I've followed the rules I believe I only have 3 non-compliances was put in D pod which is max and have never been reclassified or considered. I also feel Racial Profiled because I am getting treated differently than a male caucasian
